

STUDENT HEALTH RECORD INFORMATIONAL CHECKLIST SHEET

*Actual form must be completed by your Health Care Practitioner

Please be advised that health records for all Health Science Students must be complete before the start of the semester and they must be kept current. It is your responsibility to see that your health records are up to date at all times.

- _____ Medical clearance by your health care practitioner that you are able to fully participate in clinical activities
- _____ Color blindness testing
- _____ Tdap (Tetanus, Diphtheria, Pertussis) vaccine. If your Td (tetanus/diphtheria) vaccine is older than 2 years, Tdap is required. Tdap is good for 10 years.
- _____ Two step PPD (tuberculosis) to be followed by one PPD annually thereafter.
**** A two step PPD involves two PPD tests performed no less than 2 weeks and no more than 6 months apart.
- _____ If the PPD is positive a chest x-ray must be performed and a Symptom Assessment form must be completed annually thereafter.
- _____ CPR card indicating expiration date
CPR CERTIFICATION BY THE AMERICAN HEART ASSOCIATION – HEALTH CARE PROVIDER LEVEL NO exceptions!
- _____ Flu vaccine annually

➤ **NOTE: Titers are available through East Side Lab for a discounted rate. You must contact CCRI Health Services Nurse for a Lab Slip.**

Titers – Lab reports MUST be attached to form

- _____ Titer indicating immunity for Rubeola (Measles).
• If not immune, 1 booster is required, then a repeat titer
- _____ Titer indicating immunity for Rubella (German Measles).
• If not immune, a booster is required, then a repeat titer
- _____ Titer indicating immunity for Mumps.
• If not immune, a booster is required, then a repeat titer
- _____ Titer indicating immunity for Varicella (Chicken Pox).
• If not immune, 2 vaccines are required, then a repeat titer
- _____ Titer indicating immunity for Hepatitis B.
• If not immune after initial series, 3 vaccines are required, then a repeat titer.

Please keep copies of all health records that are submitted.
