

**PHLEBOTOMY CERTIFICATE (PHLE)**

**Flanagan Campus, Lincoln - Evenings, Fall semester**  
**Liston Campus, Providence - Days, Fall and Spring semesters**

Phlebotomists are essential members of the health care delivery team who are primarily responsible for collecting blood specimens from patients for laboratory testing. The phlebotomist plays a vital role by obtaining quality specimens that enable the laboratory to deliver meaningful and accurate test results to assist the physician in diagnosis.

The Phlebotomy Certificate Program is a part-time, two-semester program offered three times a year. The program includes lectures and laboratory experiences at CCRI as well as practical training at a clinical site. Instruction is designed to provide both the technical and interpersonal skills required for the competent and professional practice of phlebotomy.

Upon successful completion of this program, graduates are eligible to sit for a national certification examination for phlebotomy given by recognized agencies. Qualified phlebotomists may be employed in hospital laboratories, private laboratories, doctors' offices, clinics, emergency rooms or blood donor centers.

Note: Phlebotomy students are eligible for financial aid and the Dean's List.

**Technical standards:** The physical activity level (strength) level for phlebotomist (079.36.022) is classified as "light" by the Department of Labor.

**CERTIFICATE REQUIREMENTS**

COURSE NO.	COURSE TITLE	CREDITS
<input type="checkbox"/> ENGL 1010*	Composition I*	3
<input type="checkbox"/> PHLE 1010**	Phlebotomy I**	6
<input type="checkbox"/> MLTC 1960	Laboratory Information Systems	1
<input type="checkbox"/> MEDL 2400	Medical Insurance Coding II	1
<input type="checkbox"/> PHLE 1020***	Phlebotomy II ***	6
<input type="checkbox"/> MLTC 1170	Quality Assurance for Point of Care Laboratory Testing	1
<input type="checkbox"/> RESP 2140	Basics of Electro-cardiography (ECG)	1
<b>Total Certificate Credits</b>		<b>19</b>

\* Placement test required

\*\* Students must successfully complete Phlebotomy I with a grade of "C" or better before they are allowed to take Phlebotomy II.

\*\*\***Note:** Students must be available to train weekdays (eight hrs/day, five days/wk) for four consecutive weeks.

**C** Corequisites: Take during the same semester.

**P** This course has a prerequisite. See Course Descriptions section for class hours, prerequisites and corequisites.

**GENERAL POLICIES:**

See important general policies in beginning of this section on academic progress, advanced standing, background check, CPR certification, health insurance, health records, reinstatement, transportation, uniforms and equipment.
