

■ ACCOUNTING CERTIFICATE (ACTC)

By providing an academic foundation in accounting, this Certificate Program prepares students for entry-level positions in the accounting field. It may also be completed in order to enhance skills of individuals currently employed in accounting-related positions. Students interested in this program should develop a plan of study to coordinate the timing and availability of all courses.

Note: All credits earned in this Certificate Program can be applied towards an associate degree program in Business with a major in Accounting or General Business.

■ ENTREPRENEURSHIP CERTIFICATE (ETRC)

This program provides individuals with a basic understanding of the principles, concepts, and procedures necessary to start a small business. After completing core and elective courses, students apply their knowledge through an entrepreneurial capstone course that requires the development of a complete business plan. During this capstone course, students work independently, with faculty guidance, but without benefit of classroom instruction. Business plans are reviewed by a committee of volunteer advisors from the business community who may establish their own guidelines and requirements for the Business Plan.

Note: All credits earned in this certificate program can be applied towards the associate degree program in General Business.
