

## Teacher Assistant Training Program

This program provides training consistent with state standards for anyone interested in being employed as a full-time, part-time or substitute teacher assistant. Instruction is provided by a multidisciplinary team. Topics to be addressed include: roles and responsibilities of the teacher assistant, human development, diversity, special education, basic rights, school health and safety, the instructional process, school laws, computer and technology skills, positive classroom climate and team-building.

A certificate recognized by RIDE is awarded upon successful completion of all classes, assignments, job shadowing and the final exam. Participants must successfully complete a reading, language and mathematics assessment at the first class session.

**Although this is a noncredit training program, one credit is transferable to CCRI's Human Services programs.**
