COMMUNITY COLLEGE OF RHODE ISLAND

DHYG 2200
Local Anesthesia
for the
Registered Dental Hygienist

This course will provide a comprehensive study of local anesthetics utilized in the dental profession. During lecture and lab components, the participant will learn to safely administer topical and local anesthetics. It is a 2 credit college course which is equivalent to 30 CEU's.

Format

Online Component

Participants will be required to complete on-line study guides, exercises and quizzes on Web CT. Students must have internet access, basic computing and web skills.

Sufficient time must be devoted in order to achieve success in the course. It is estimated that a minimum of 20-30 hours of time will be required for this online component.

Lecture and Lab Component

This onsite component will consist of 15 hours of classroom instruction and 16 hours of lab and clinical instruction. Participants must successfully pass both written and clinical examinations.

Dates Summer I Session

Thursday	June 3, 2010	5:30PM —9:30 PM
Friday	June 4, 2010	8:00 AM—5:00 PM
Saturday	June 5 2010	9:00 AM—5:00 PM
Friday	June 11, 2010	9:00 AM—5:00 PM
Saturday	June 12, 2010	9:00 AM—1:00 PM

Fee/Reistration

The fee for this 2 credit college course is **\$1086**. per person. You may search for DHYG 2200 at www.ccri.edu 3-4 weeks before registration begins, which is on April 12, 2010.

The search link is:

https://bannerweb.ccri.edu:9443/pls/DORA/bwckschd.p_disp_dyn_sched

You are encouraged to register as soon as possible so to allow adequate study time.

When you have registered and set up a My CCRI email account notify the Web CT instructor at flbench@ccri.edu. Information Technology help desk is available Monday-Friday at 401-825-1112 if you encounter difficulty.

Questions

<http://www.ccri.edu/dental/dhprogram.shtml>
(401) 333-7438 or 333-7228.

Pre-Course Requirements

Documentation of the following:

1. Current CPR certification
American Heart Association
Healthcare Provider Level
(course information available on website)
2. Current state licensure

Documentation **must** be presented at the start of the course.

In addition, participants must complete medical history and consent forms. These can be found on the course website.

- Each participant must be able to both receive and administer local anesthesia.

Course Completion

Participants must attend **all** scheduled sessions and pass a written and clinical exam in order to receive college course credits and a certificate of completion.

Upon successful course completion participants will be eligible to submit application to take the NERB (North East Regional Board) Local Anesthesia Examination.

After successfully completing the NERB Local Anesthesia Examination participants can apply to their respective state licensing board to obtain the required permit to deliver local anesthesia.
