

*At the end of the Fall and Spring Semesters a special "End of Semester Math Cab Calendar" is published. This does not apply to the Summer Sessions. The summer sessions are very intense and last only 6 weeks.*

*Remember to keep on pace you are required to take one test each week. Studying in the Cab in addition to taking tests in the Cab is important. It is also important that you study at home.*

*Use every supplement that is available for your course.*

*The supplements are listed on your course content \pacing sheet.*

*Good luck with your math Course.*
