

COMMUNITY COLLEGE OF RHODE ISLAND
ADNU 2050 – “Nursing Care of The Family”
Flanagan & Liston Campus
Fall 2009

To: Incoming Nursing 2050 Students
From: Nursing 2050 Faculty
Date: August 2009
Re: Preparation for Next Semester

Welcome to Nursing V! This document provides you with information which will assist as you plan for your Spring semester. We hope that you are enjoying the Semester break. We look forward to a great semester!

I. Spring Lecture Schedule:

| | | |
|------------|--------------------|----------------------|
| Lincoln | 9:00 am - 12:00 pm | Tuesdays & Thursdays |
| Providence | 9:00 am - 12:00 pm | Tuesdays & Thursdays |

II. Lab Day - Wednesday, 9/9/09 (7:30am 7:30 pm) will include the Math Test #1 and Orientation to Maternity and Pediatric Nursing; **ALL** Students are expected to attend. All students attend their assigned campus as per their lecture campus.

III. Forms/Documents/Worksheets: Most Nursing V forms are accessible via the Nursing Department home page. <http://www.ccri.edu/nursing> Follow the link in the For Students section for “Forms and Documents for Nursing Students.”

A. RI Hospital forms for clinical: <http://www.ccri.edu/nursing/rihforms.shtml>

Rhode Island Hospital Safety Self Study Program and HIPAA Guidelines

1. The RIH Safety Program & Self-test: Must be completed and handed in on Pediatric Lab Day.

2. HIPAA Guidelines and Confidentiality statement: Read, sign, submit on Pediatric Lab Day.

Step 2 - Go to the Parking Office in the Physicians Office Building (POB), Room 32, to acquire your Parking badge. 444-4013

Monday through Friday

1:00 PM – 3:30 PM

NOTE: From most parking lots, a shuttle runs 5:30 AM until Midnight – Monday through Friday. The shuttle will drop you off and pick you up at the “main circle” of Rhode Island Hospital.

B. ADNU 2050 Forms/Documents/Worksheets: <http://www.ccri.edu/nursing/Adnu2050forms.shtml>

NOTE: If you do not have a home computer you may use the computer labs on any campus to print forms.

1. Forms and Documents (most available online)

- **Syllabus A** (Course Overview) contains specific information related to required textbooks, ATI Testing Policy, Grading Policy, Nursing V exams, course description and course content.
- **Syllabus B** is the lecture schedule for each campus
- **Syllabus C** includes learner activities
- **Practice math test**
- **Clinical Schedules** including hospital orientation hours will be posted on the student bulletin board in the Faculty Office area.

2. Worksheets for Maternity Clinical Rotation

Worksheets are to be completed during the first few weeks of your maternity rotation. These may be downloaded and initiated over the semester break.

- **Maternity worksheets and Nutrition Study Guide:** Available under “OB Weekly Assignments” - to be completed during the first few weeks of the maternity rotation. Documents may be downloaded and initiated over the semester break. Nutrition content will be tested on the final exam.
- **Pediatric “Age-Specific Competencies”:** Prior to your (Pediatric) Lab Day, you must obtain and complete the “Age-Specific Competencies” self study program and self-test. Due to copyright issues this document is **not** available online. This form will be available at the faculty office reception desk, near the student information area. Completed forms will be submitted to Pediatric clinical instructor on Lab Day.
- You may not attend Pediatric clinical orientation unless you have submitted the 2 required self-tests, have read the HIPAA Guidelines, signed and handed in the HIPAA Confidentiality statement.
- **Forms for Assignments** available online: Pediatric Preliminary Data Sheet, Nursing Care Plan form, and Student Self Evaluation Form.

IV. Health Records: Attend to and submit all updates as soon as possible.

- All students must have up-to-date immunization status and proof of current CPR certification recorded in the computer prior to the first day of class.
- There has been a **3 week “lag time”** between the date health record information is handed in and when this updated information appears on the CCRI Banner system! This means you must allow for a minimum of three weeks for your health record information to be entered into the CCRI Banner system.
- You will be refused entry into the clinical area, and you may not even attend your clinical orientation unless your health record and CPR requirements are met **and have been recorded into the CCRI computer and received by the hospital. (Remember: Once you have handed in your health record information it may take 3 weeks for your health record information to be entered into the CCRI computer system! After that it must be submitted to the hospital where it is recorded)**
- FYI: Students will be dismissed from clinical (including orientation) if the hospital does not have their up-to-date computerized health record. In-hand health record documentation will NOT suffice. This policy is established by the hospitals and is non-negotiable. Update your records NOW!
 - PPD (TB test) is due every 12 months
 - **Flu vaccines** are mandatory now (unless you sign a waiver)
 - Check the expiration date on your CPR card!
 - If you have any health record concerns contact the Student Health Office at the Warwick Campus at 825-2103.

V. Clinical Practicum

- Regarding clinical placement, if you have a special request due to a serious need or circumstance contact Mrs. Cheryl Donovan via cdonovan@ccri.edu. **Once the student rosters have been sent to the hospitals they cannot be changed. This is FIRM.**
- Maternity experiences are at Kent County, Women & Infants Hospital, or South County Hospital.
 - Maternity experience will include a four hour rotation once on a Monday, Wednesday or Friday at the Prenatal Clinic or Women’s Care Clinic at W&I Hospital.
- Pediatric experiences are at Hasbro Children’s Hospital.
- **First Rotation begins the week of September 7, 2009. Second rotation begins the week of October 26, 2009**
- **Reminder:** Your schedule for the 1st week of each clinical rotation may be different than the schedule you will have for remaining weeks of that rotation. Plan accordingly! (Always check the student board for changes).

- **UNIFORMS:**
 - Maternity Rotation: Scrubs, provided by WIH and South County Hospitals, are to be worn for maternity rotations. A ¾ length lab coat that buttons is required to cover scrubs when going off the unit.
 - Other than above statement, CCRI uniform policy applies to all Nursing 5 students.
 - Lab coats and student ID must be worn to pick up Pediatric patient assignment.
 - Refrain from smoking while wearing hospital scrubs or CCRI uniforms.
- **Optional clinical experiences may be offered in each rotation** (in lieu of a clinical day within that rotation) – this is arranged with the clinical instructor.
- **A missed clinical requires a make-up assignment.**
- Faculty advise students to plan work schedules so one can adequately prepare for clinical assignments and get appropriate sleep to ensure a productive clinical learning experience.

VI. Math testing:

- A practice math exam is available on the “Forms and Documents” webpage.
- Pedi math and IV calculations are included on the Nursing 2050 math exams.
- 90% passing score is required.
- During the semester, Supplemental Instructors will be available for Math practice and tutoring.
- < 90% on a math exam results in clinical probation.
- 2nd math Exam (for <90% on exam # 1) during **3rd week** of semester.(date TBA)
- 3rd math Exam (for <90% on exam # 2) during **6th week** of semester. (date TBA)
- **<90% on math exam # 3 results in clinical failure and automatic dismissal from the course.**

VII. Texts:

- **Required Texts:**
 - Pediatric Text:
 - Potts and Mandelco (P&M), Pediatric Nursing, 2nd Ed.
 - Rebesch & Brown Pediatric Nurse’s Survival Guide, 3rd ed, Delmar, 2007
 - Maternity Text:
 - Ricci, (R) Essentials of Maternity, Newborn and Women’s Health Nursing, 2nd Ed. The
 - Ricci, (R) Essentials of Maternity, Newborn and Women’s Health Nursing, Study Guide 2nd Ed. The
- **Recommended Texts:**
 - Case Studies in Maternity and Women’s Health by Dianne Gregory.
 - OB Peds Women’s Health Notes: Nurse’s Clinical Pocket Guide by Holloway, et al.
 - Straight A’s in Maternal–Neonatal Nursing by Lippincott.
 - Straight A’s in Pediatric Nursing by Lippincott.

VIII. Miscellaneous Information

- **It is your responsibility to check your Academic Requirements necessary for graduation.**
- **Any student with a documented disability** who is requesting special accommodation should contact Disabilities Services for Students Office on their respective campus. Contact information for DSS offices can be found at this website: <http://www.ccri.edu/dss/> Necessary paperwork from the DSS office should be provided to the department chair as soon as possible.
- Nursing V students may e-mail Cheryl Donovan cdonovan@ccri.edu (overall lead teacher for Nursing 2050) or cadevine@ccri.edu (Flanagan eve. contact person for Nursing 2050) with any questions.

WE hope that you all enjoy the Semester break. We are all looking forward to a great semester and meeting all of you in September!

Sincerely,
The Nursing 2050 Faculty
