THE PROGRAM

Classes are taught by CCRI instructors and faculty of the Facultad de Idiomas, the prestigious language branch of the university. The multifaceted program provides students with an ideal learning environment that includes a combination of intensive, small-size language classes, culture and civilization courses and housing with local families. Additionally, students will have the opportunity to experience the heritage of Oaxaca by participating in cultural events and excursions.

THE LOCATION
Oaxaca is a colorful, colonial city with a vibrant cultural center. Experience the natural beauty of this highland, historic city surrounded by lush mountains and indigenous villages. Visit the ruins of Monte Alban, one of the most impressive archaeological sites in Mexico, and Mitla Pyramids to name just two. Oaxaca offers a perfect blend of centuries-old traditions, folklore and modern world conveniences.
