NEW ENGLAND ASSOCIATION OF SCHOOLS & COLLEGES, INC.
COMMISSION ON INSTITUTIONS OF HIGHER EDUCATION

August 16, 2017

Dr. Meghan Hughes
President
Community College of Rhode Island
400 East Avenue, Room 3328
Warwick, RI 02886

Dear President Hughes:

I write to inform you that at its meeting on April 20, 2017, the Commission on Institutions of Higher Education considered the Graduation Rate Information Project report submitted by Community College of Rhode Island and took the following action:

that the Graduation Rate Information Project report submitted by Community College of Rhode Island be accepted;

that the interim (fifth-year) report scheduled for Spring, 2019 be confirmed.

The Commission gives the following reasons for its actions.

The Graduation Rate Information Project report submitted by Community College of Rhode Island was accepted because it was generally responsive to the request made by the Commission in its letter of November 8, 2016.

The Commission commends Community College of Rhode Island (CCRI) for a thoughtful, well-written report that addresses how the institution defines and implements mission-appropriate measures of student success and uses student success data, including graduation rates, to improve curriculum, pedagogy, and student services. We appreciate learning about the targeted student success initiatives implemented over the last several years, including the Connect to College Program, the Joint Admissions Agreement, the Student-Athlete Academic Support Program, and the Rhode Island Reverse Transfer policy, that have had a positive impact on graduation and completion rates. Graduation rates have increased from 10.6% in 2008 to 16.5% in 2013, and completion rates have increased from 27% to 35% during this same period. Particularly noteworthy is that nearly 60% of the students in the 2012 cohort have either graduated in 3 years, transferred out to a baccalaureate institution, or are still enrolled at CCRI. We further note with favor that, in addition to ongoing efforts, CCRI recently implemented two new initiatives – Stackable Credentials and Accelerated Pathways – that “are expected to have a considerable and positive impact on graduation rates.”

Commission policy requires an interim (fifth-year) report of all institutions on a decennial evaluation cycle. Its purpose is to provide the Commission an opportunity to appraise the institution's current status in keeping with the policy on Periodic Review. As noted in our letters of December 2, 2014 and July 11, 2017, which specify matters to receive attention in the Spring 2019 report, the reflective essay included in the interim report will provide Community College of Rhode Island an opportunity to provide evidence of its continued efforts to understand the success of its students and to use data about student success.

The Commission expressed appreciation for the Graduation Rate Information Project report submitted by Community College of Rhode Island and hopes that its preparation has contributed to institutional improvement. It appreciates your cooperation with the effort to provide public assurance of the quality of higher education in New England.

You are encouraged to share this letter with all of the institution's constituencies. It is Commission policy to inform the chairperson of the institution's governing board of action on its accreditation status. In a few days we will be sending a copy of this letter to Mr. William Foulkes. The institution is free to release information about the report and the Commission's action to others, in accordance with the enclosed policy on Public Disclosure of Information about Affiliated Institutions.

If you have any questions about the Commission's action, please contact Barbara Brittingham, President of the Commission.

Sincerely,

David P. Angel

Public Disclosure of Information About Affiliated Institutions

The following policy governs the release of information regarding the status of affiliated colleges and universities by institutions and by the Commission.

1. Release of Information by Institutions Regarding Their Accreditation Following Commission Action

At the conclusion of the evaluation process institutions are encouraged to make publicly available information about their accreditation status including the findings of team reports and any obligations or requirements established by Commission action, as well as any plans to address stated concerns. Because of the potential to be misleading, institutions are asked not to publish or otherwise disseminate excerpts from these materials.

While the Commission does not ordinarily release copies of self-studies, progress reports, evaluation reports, or other documents related to the accreditation of individual institutions, it believes it to be good practice for institutions to make these materials available, in their entirety, after notification of Commission action.

The Commission will release information on actions of show cause or deferral. If such information is also released by the institution in question or is otherwise made public, the Commission will respond to related inquiries and may issue revised public statement.

If an institution releases or otherwise disseminates information which misrepresents or distorts its accreditation status, the institution will be notified and asked to take corrective action publicly correcting any misleading information it may have disseminated, including but not limited to the accreditation status of the institution, the contents of evaluation reports, and the Commission actions with respect to the institution. Should it fail to do so in an immediate and timely way, the Commission, acting through its President, will release a public statement in such form and content as it deems desirable providing correct information. This may include release of notification letters sent by the Commission to the institution, and/or a press release.

2. Published Statement on Accredited Status

The Commission asks that one of the following statements be used for disclosing on its website and in catalogues, brochures, advertisements, etc., that the institution is accredited.

An institution may wish to include within its website, catalogue or other material a statement which will give the consuming public a better idea of the meaning of regional accreditation. When that is the case, the Commission requests that the following statement be used in its entirety:

_____ College (University) is accredited by the Commission on Institutions of Higher Education of the New England Association of Schools and Colleges, Inc.

Accreditation of an institution of higher education by Commission indicates that it meets or exceeds criteria for the assessment of institutional quality periodically applied through a peer review process. An accredited college or university is one which has available the necessary resources to achieve its stated purposes through appropriate educational programs, is substantially doing so, and gives reasonable evidence that it will continue to do so in the foreseeable future. Institutional integrity is also addressed through accreditation.

Accreditation by the Commission is not partial but applies to the institution as a whole. As such, it is not a guarantee of every course or program offered, or the competence of individual graduates. Rather, it provides reasonable assurance about the quality of opportunities available to students who attend the institution.

Inquiries regarding the accreditation status by the Commission should be directed to the administrative staff of the institution. Individuals may also contact:

Commission on Institutions of Higher Education
New England Association of Schools and Colleges
3 Burlington Woods Drive, Suite 100, Burlington, MA 01803-4514
(781) 425 7785
E-Mail: cihe@neasc.org

The shorter statement that an institution may choose for announcing its accredited status follows:

_____ College (University) is accredited by the Commission on Institutions of Higher Education of the New England Association of Schools and Colleges, Inc.

Inquiries regarding the accreditation status by the Commission should be directed to the administrative staff of the institution. Individuals may also contact:

**Commission on Institutions of Higher Education
New England Association of Schools and Colleges
3 Burlington Woods Drive, Suite 100, Burlington, MA 01803-4514
(781) 425 7785
E-Mail: cihe@neasc.org**

Accreditation by the Commission on Institutions of Higher Education has reference to the institution as a whole. Therefore, statements like “fully accredited” or “this program is accredited by the Commission” or “this degree is accredited by the Commission” are incorrect and should not be used.

3. Published Statement on Candidate Status

An institution granted Candidate for Accreditation status must use the following statement whenever it makes reference to its affiliation with the New England Association:

_____ College (University) has been granted Candidate for Accreditation status by the Commission on Institutions of Higher Education of the New England Association of Schools and Colleges, Inc. Candidacy for Accreditation is a status of affiliation with the Commission which indicates that the institution has achieved initial recognition and is progressing toward accreditation.

Candidacy is not accreditation nor does it assure eventual accreditation.

Inquiries regarding the status of an institution affiliated with the Commission should be directed to the administrative staff of the college or university. Individuals may also contact:

**Commission on Institutions of Higher Education
New England Association of Schools and Colleges
3 Burlington Woods Drive, Suite 100, Burlington, MA 01803-4514
(781) 425 7785
E-Mail: cihe@neasc.org**

4. **Public Disclosure of Information about Affiliated Institutions by the Commission**

The Commission publishes the following information about member and candidate institutions on its website:

- Name of the institution
- The date of initial accreditation and/or when candidacy was granted
- Accreditation status (member or candidate)
- Address
- Phone and fax numbers
- CEO name and title
- Degree levels awarded
- Dates of initial accreditation (or candidacy), last review and next review
- Locations of off-campus instructional sites
- The basis for Commission action affecting candidacy or accreditation status
- The date and nature (comprehensive or focused) of the most recent on-site evaluation and subsequent Commission action on the institution's accredited status
- The date and nature (comprehensive or focused) of the next scheduled on-site evaluation
- Submission date and action taken on the most recent written report required by the Commission
- The date and nature of any show-cause for denial of candidacy or accreditation, probation, or withdrawal of candidacy or accreditation status
- The extent of, or limitations on, the status of affiliation
- In cases of adverse action (denial or withdrawal of candidacy or accreditation, placing an institution on probation), the Commission's reasons for that status and, in the case of probation, its plans to monitor the institution. The Commission, in consultation with the institution, will prepare a written statement incorporating the above information. The Commission reserves the right to make the final determination of the nature and content of the statement. The institution will also be offered the opportunity to make its official comment; if the institution does make

an official comment, the comment will be made available by the Commission

- For institutions whose candidacy or accreditation has been withdrawn, the date of, and reasons for, withdrawal.

The Commission recognizes that, to be fully understood, information about the accredited status of institutions must be placed within the context of the policies and procedures of the Commission on Institutions of Higher Education. In responding to inquiries, the Commission will endeavor to do so.

The Commission may also publish on its website a public statement about an action taken regarding a member or candidate institution when further information about the action and the Commission's reasons for taking the action would be helpful to members of the public.

Adverse actions (placement of an institution on probation, denial of candidate status or accreditation, and withdrawal of candidacy or accreditation) are communicated when the decision becomes final (i.e., when the institution does not appeal or when the appeals process is completed and the decision is upheld). The Commission, at its discretion, may make the adverse action public before the decision is final or the appeal is completed. In so doing, the Commission will provide information about the appeal process.

5. Public Disclosure of Institutional Actions

Within 30 days after the action on accreditation status is taken, the Commission will notify the Secretary of Education, New England state higher education officers, appropriate accrediting agencies, and the public. The Commission will also make public on its website the basis for these decisions. Such actions include:

A final decision to:

Grant candidacy or accreditation

Continue an institution in accreditation

Deny or withdraw the candidacy or accreditation of an institution

Place an institution on probation

Approve substantive change (e.g., moving to a higher degree level)

A decision by an accredited or candidate institution to voluntarily withdraw from affiliation with the Commission.

Per federal regulation, within 60 days of a final decision to take an adverse action (probation or withdrawal of accreditation), the Commission will submit a copy of the final decision letter to the Secretary of Education. The Secretary will make the letter public.
