## Radiography Program

### Program Effectiveness Data

#### American Registry of Radiologic Technologists Credentialing Examination Results

Five-year average credentialing exam pass rate reflects the number of students who passed the American Registry of Radiologic Technologists on the first attempt within six months of graduation.

Five Year Average	Number of Examinees	Number Pass	Number Fail	% Pass
2015-2019	114	106	8	93%

#### Job Placement Rate

Five-year job placement rate is the number of students who gained employment in the radiologic sciences compared to the number of students actively seeking employment in the radiologic sciences.

Five Year Average	Number of Graduates Seeking Employment	Number of Graduates Employed	% Employed
2015-2019	123	117	95%

Graduates not actively seeking employment are defined as those graduates:

- Failing to communicate their employment status to the program despite multiple attempts
- Unwilling to seek employment that requires relocation
- Unwilling to accept employment due to salary or hours
- On active duty
- Involved in continuing education

#### Program Completion Rate

The program completion rate is an annual measurement of the number of students who completed the program compared to the number of students who enrolled in the first summer semester of the program.

Cohort	Number of Students Enrolled	Number of Graduates	% Completion
June 2017 to May 2019	24	20	83%
