

Lockdown Browser for Chromebook

Installation of LockDown Browser for Chromebook is as follows:

1. Log into the Chromebook and start the Chrome browser
2. Log into Blackboard using your student account, and navigate to the exam that requires LockDown Browser
3. Select the link for downloading and installing LockDown Browse (do not search for the app directly from the Chrome web store).
4. The LockDown Browser installation link will direct students to the Chrome web store, at which point select "Add to Chrome" to install the LockDown Browser Extension.
