# AFTER-SCHOOL MATH Readiness Program

*Funded through the Perkins STEM-Plus Grant*

## FREE after-school program!

## WHAT:

A **FREE after-school program** for CTE high school juniors and seniors to prepare for credit-bearing English courses at CCRI. The ACCUPLACER placement exam will be administered prior to and after the course. Fees will be waived.

The program is intended to provide students access to CCRI courses that are credit-bearing, transcripted, and/or provide transferable credits.

## WHY:

Many students are ineligible to take college-level courses because they do not meet the required ACCUPLACER score in math. This program will provide students with focused instruction in math to ensure college-level readiness.

## WHO:

**Incoming CTE high school juniors and seniors.**

## WHERE:

**Davies Career and Technical High School**
50 Jenckes Hill Road
Lincoln, RI 02865

DAVIES
CAREER & TECHNICAL HIGH SCHOOL
