AFTER-SCHOOL

MATH

Readiness Program

Funded through the Perkins STEM-Plus Grant

WHAT:

A **FREE after-school program** for CTE high school juniors and seniors to prepare for credit-bearing math courses at CCRI. The ACCUPLACER placement exam will be administered prior to and after the course. Fees will be waived. The program is intended to provide students access to CCRI courses that are credit bearing, transcribed, and/or transferable credits.

WHY:

Many students are ineligible to take college-level courses because they do not meet the required ACCUPLACER score in math. This program will provide students with focused instruction in math to ensure college-level readiness.
