

# HyFlex Classroom - Selecting Audio and Video in Collaborate

- After launching the Blackboard Collaborate in Chrome or Firefox, make sure that the correct microphone, and webcam are selected.
- Select the **MXL boundary microphone** and the **HuddleCam HD** during the set-up process.

**AUDIO:** In the Audio Test step, select **Microphone USB audio CODEC** from the dropdown list to select the **MXL boundary microphone**.

**VIDEO:** In the Video Test step, select **HuddleCamHD** from the dropdown list to select the **webcam**.
